Mike: Do you have to fill out a form or is it automatic?

VIII. Old Business

Mike: What's the update with the scheduling thing?

Conner: Last CCSG it was a 26-0 in favor of University Pak wide scheduling. This will be brought up next weekend and that's where everything going to get bumped around. There is still going to be a common hour, I believe.

IX. Open Forum

Megg: Parking lot was terrible on Monday and side walk. I'd rather campus be cancelled or delayed because that was a huge issue and many students did fall. From my one class on Tuesday night Natural Science we are paying \$100 to use a program that's like Angel. Is that allowed?

Dr. Lozano: I ask teachers to look at the benefits with the cost to the students. In the end the teachers get to decided what will bring the most benefit to the students. I do stress that students don't have a lot of extra money, but it is allowed. Other courses also do this.

Jackie: For community service project if you start it please finish it. If you need help planning it please see me and I'll help you.

Kathie: SAF proposals are due this Friday and the committee is meeting next Tuesday to review them.
