I. Call to Order

Suspend Robert's Rules 1st Nate 2nd Joe

II. Roll Call

1st Nate 2nd Ed

III. Officer Report

- a. President- Mental health fee \$16 extra. We currently have an on campus consular and there are federal and state programs that are offered. We can either accept the fee or go other route and look for other options.

Ryan: I think we should look at other ways of funding it.

Megg: If you take the amount of students on this campus it's about \$16000 extra.

Nate: Would we be looking into getting a psychiatrist for the campus?

Kathie: No it would be too expensive, money could be used to offset the cost for the students who need it.

Conner: It's a good amount of money, but we should explore other options so we aren't charging students more money than needed.

Zach: what percentage of the population actually needs this?

Kathie: Our consular Sarah's schedule is overbooked and by having someone else she'd have more time.

Megg: Maybe look at bringing in another person if Sarah's booked.

Hannah: We use to have two, but were they just as busy?

Kathie: The one emphasize his work on certain students and we had a female and male consular.

Conner: I think we should hire someone who could take on the advising. Would they be part time or a professional?

Kathie: It would be my decision.

General Schedule

Ryan: Common hour would be moved to one.

Alex: Are they guaranteeing that we will have a common hour?

Mike: If they get rid of common hour can we change it back to what we have now?

Ryan: Yes we can.

Conner: We're just voicing our opinions. I'm personally not in favor of this and I feel there's a better way of doing this.

Dr. Lazano: University Park's reasoning is so we can share more programs and it allows us to have the same schedule as other campuses.

Zach: Common hour allows us to meet with our clubs, but if they have to take away common hour to allow students to take courses they normally can't I think we should do it. We are all here to get an education!

Dr. Lazano: We might not have common hour on Tuesdays and Thursdays because there are more classes that need to take place therefore eliminating common hour.

Megg: We could always do meetings at night and if we have people that want to be in those clubs they will come.

Alex: Every campus knows best of what their needs are. University Park doesn't know how to do best at anything other than at University Park. Also some people can't make late meetings because they work and common hour allows student to join and have time to join something they enjoy.
